

Ireland's Women in Finance Charter Annual Reporting Template 2024

Welcome to the 2024 Annual Reporting Template for Ireland's Women in Finance Charter. Thank you for agreeing to provide this data on behalf of your firm.

The Annual Reporting Template is only for firms who are signatories to Ireland's Women in Finance Charter and who have completed their Baseline Template in 2022. Please ensure that these steps have been completed before proceeding. Further information and guidance on the commitments of the Charter is available at:

https://www.betterbalance.ie/partners/

In the following Annual Reporting Template, you will be asked to complete a short series of questions related to the gender balance in your place of work, as well as any representation targets undertaken by your firm in the last calendar year. You can partially complete the survey, save your progress, and return later.

The information you will be asked to provide will be at the firm level, therefore individuals within your firm will **not be identifiable**. Data gathered by this template is confidential and will be reported in an **anonymised** way only. While the survey is underway, the data is stored securely and in compliance with GDPR on the LimeSurvey servers and can only be accessed by the ESRI study team with two factor authentication. When the survey wave is completed, the data will be stored securely by the ESRI in an anonymised format and in compliance with GDPR. In parallel, under the Charter, firms commit to making information on progress towards targets publicly available.

If you have any questions related to the Annual Reporting Template or the use of this data, please contact the ESRI research team at womeninfinance@esri.ie.

Please, click 'Next' to proceed to the template.

Section 3: Progress on Headline Targets

In 2023, your firm set targets for female representation. The following section will ask questions on the progress made on these targets. The following questions are using a forwarded feed, based on data previously provided by your firm. For more information on target types and Charter commitments, please refer to: https://www.esri.ie/currentresearch?keywords=women+in%20finance

Please note: Positive targets aim at improving the level of female representation, at a given level. Targets must be ABOVE the level of female representation, at the level chosen, when setting the target. The deadline indicates when the firm aims to achieve its target. Maintenance targets aim at maintaining the level of female representation, for firms with 40% OR MORE of female representation at a given level. Targets must be at 40% or more. The deadline indicates until when the firm aims to

maintain this level. It is a Charter requirement to set at least one positive target. The only exception is for firms with at least 40% female representation AT ALL LEVELS, which can set maintenance targets only.

The same questions will be asked for all targets set at different levels.

Q.8. Your firm set a headline target at XXX level, to achieve X% of female re Note: XXX refers to the level(s) chosen. The same questions will be asked for a

Section 5: New Targets

Available to firms with negative and positive targets and to firms with targets

Q10b. and please provide the link where this communication is available:

In this section, firms can opt to set new targets.

These targets <u>are in addition to targets set at the baseline template</u>. Please do not alter existing targets set in your baseline submission, such changes will be discarded.

Note: Positive targets are targets increasing the % of female representation at the chosen level.

<u>Maintenance targets</u> are targets maintaining the % of female representation. To set a maintenance target, your current level of female representation, at the chosen levels, has to be 40% or above.

Additionally, the target level has to be above 40% but can be below the current % of female representation at the chosen level.

Q11. Does your firm want to set any NEW targets for any of the following positions? If not, please move to the next section.

Note: Alternative/ Additional Targets are for firms whose organization does not correspond to the level proposed or firms with targets at additional levels (recruitment, interviews, etc.).
